Three Examples

Mob Number 1

The New Team

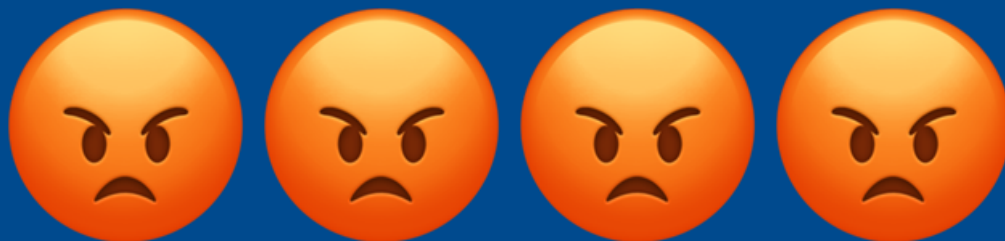

Mob Programming

Naming Things

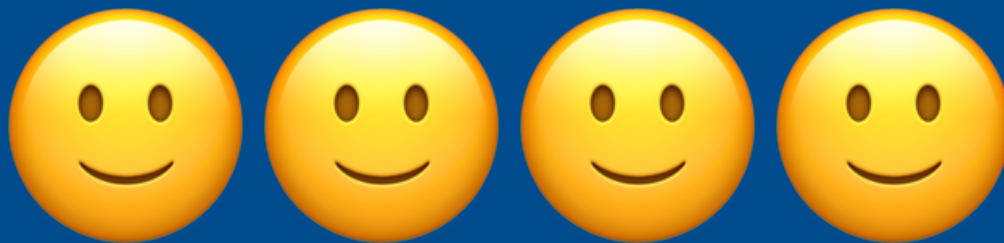

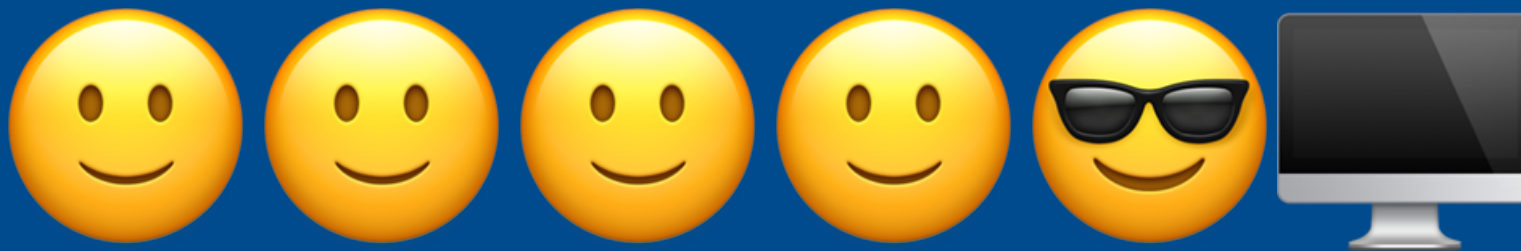

*“There are only two hard things in
Computer Science: cache
invalidation and naming things.”*

Phil Karlton

Why Carry On?

Better 

Faster 

Stronger 

Better

Faster

Stronger

But...

Intensity 🤯

Safety

Mob Number 1

Amplification

Mob Number 2

A New Role

Context 🙄

Staying Technical

Coaching

But...

Too Crowded

Unsuitable

Inflexible 🙈

New Phrases

“Demob”

(di•mob, verb)

“Mobabble”

(mobb•a•ble, adj)

Mob Number 2

   - Right Team For Each Job 

Mob Number 3

The Dojo

Coding Dojo

Experienced

But...

Strangers 🛸

Theatre 🍿

Consensus 🖐️

Continuous Improvement

Rules

Tweak Rules

Facilitation

Mob Number 3

*“We are uncovering better ways of
developing software...”*

- The Agile Manifesto

(Nearly) The End

Amplification 📢

Right team for each job 👍

Experiment 🔬

The Future
